**Ask Me**

Ask me whatever you want, my dear
My heart will answer truly I swear
Ask me why God created the earth
Only to receive your happy birth
Ask me why God created the sun
Only to help you spread warmth, light and fun
Ask me why God created the moon in the sky its place
Only to lighten the universe sharing your face
Ask me why God created the stars so bright
Only to be like your teeth when it is night
Ask me why God created me
Only to fall in your love as forever will be
Ask me why I love you
Only for the life into my veins you flow

Walid Abdallah is an Egyptian poet and author. He is a visiting professor of English language and literature in Egypt, Saudi Arabia, Germany and the USA. His poetry includes Go Ye Moon, Dream and My heart still beats.
