

## **In your arms**

As I watch another day unfolding  
At the crack of dawn  
With sunlight peeping through my  
Heart's window  
Bidding goodbye to the blissful night  
Spent in the embrace of your arms  
I wake up suddenly caressing  
Your pillow you slept on many times  
I can still feel the lingering scent  
Of your body in everything around  
My eyes still search for you every where  
In the vast cosmos  
I can't see you anymore  
I can feel your presence in your absence  
You are surely around  
My heart leaps out in joy  
As I feel surrounded by your essence  
And the very next moment  
I fall into the deep sadness  
As the truth is harsh  
And you are just a memory  
Etched in my mind forever.  
As my tears dry out  
Leaving marks on my face  
And I free you in your world  
With a painful goodbye  
Only to meet again .

## **Strangers and friends**

Do you remember  
When we last held hands  
Looking into each other  
Where the time stopped forever  
Everything was beautiful around  
There were happiness and laughter abound  
We built our house of romance  
Where the desires lived awaken  
We dreamt our life together  
Never to be away from the other

As we drifted apart  
Our silence grew louder  
Memories faded away  
strangers we became  
Today as we meet again  
Let's put our ego's in vain  
We have missed each other  
We realised it staying far away  
Let's get to know each other once again  
Never to drift apart ever  
And this time let's be friends for life .

## **Yearn to devour you**

I yearn to devour you  
Like a starved soul  
And sip you like

My favourite cappuccino  
Bitter sweet, strongly aromatic  
Savouring all your flavours  
Becoming alive to my senses  
Satisfying my unfulfilled desires  
I yearn to be awoken by  
Your intoxicating soul  
Stirring all my emotions  
As the life is short  
Shorter is the love life  
Let me savour both  
As long as our love is alive.
